

## **Energy Spot Market Trader**

**Location:** Baggot Street, Dublin 2, Ireland

**Contact by Email Only:** [enquiries@cenergise.com](mailto:enquiries@cenergise.com)

**Deadline for application:** 15<sup>th</sup> December 2023

### **Company Overview**

Cenergise is an Irish energy trading company operating in European power markets. Set up in 2013, Cenergise is currently registered in the following markets: Ireland, Great Britain, France, Belgium, the Netherlands and Germany.

Cenergise has three divisions to its business: proprietary trading, client trading and supply.

### **The Position**

Cenergise is seeking to hire an Energy Spot Market Trader. The position will be a hybrid working model.

This role will involve developing trading strategies, back-testing them and then deploying them on our trading environment. It will cover deployment of strategies for auction trading and algorithmic trading in the continuous market.

### **Job Requirements:**

- 2-3 years' experience in an energy trading / modelling / analyst role
- Detailed knowledge of at least 1 European power market
- Python and database experience
- Strong work ethic
- Good attention to detail
- Comfortable working with large volumes of data in a structured environment
- Self-starter
- Strong interpersonal and communication skills
- Excellent problem solving and analytical skills

### **Benefits**

Our people are our most important asset and what sets us apart from the competition. We offer a competitive salary and the successful candidate will be incentivised to perform.
